

HAND SANITIZER DISPENSER

Put hand hygiene right where you need it most and help reduce the risk of cross-contamination.

Our Universal Hands-free Sanitizer Station easily accommodates most spout bottle shapes and sizes on the market.

Fabricated from a powder-coated corrosion-resistant steel for a durable finish, it is the perfect solution for any indoor or outdoor application. Its robust and fully mechanical foot pedal delivers a more hygienic environment and eliminates the cost of battery and LED indicator replacements commonly associated with touchless dispensers.

DETAILS

Universal Bottle Fit: Adjustable shelf plate and Velcro wrap-around belt accommodates bottle sizes from 9.5" to 15.5" tall by 2.5" to 6.5" in diameter.

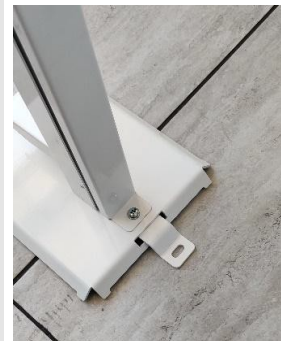

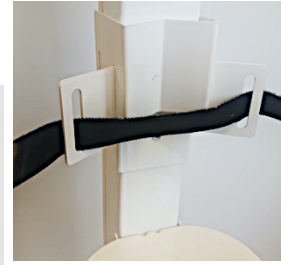

Dispense Control: Minimize waste by controlling the amount of solution dispensed by adjusting the shelf plate position setting; variance of 6".

Theft Prevention Bar: Enables the weight and stability of the 10-gauge steel base to be bolted to the floor/ground or chained for extra security measure.

Graphic Sign Holder: Makes changing of messaging a simple task.
